MONTY 4/18

Parents we have a lot of fun activities planned for the month of April. Please refer to our April calendar for all planned activities. The week of April 12th is the week of the young child. For young children, the future of their academic success and development relies on early learning. The week will start off with:

Music Monday,

Not only does music develop creativity, but children can learn literacy, Language, and math skills through music.

Tasty Tuesday,

For enhancing development through sense of touch, look, feel, listen and taste.

Work Together Wednesday,

Will help young children develop social skills and learn to work together.

Artsy Thursday,

Art is very important for developing creativity, fine motor skills

Friends Friday,

Friendships are a very important part of growth we all love our friends and family lets draw pictures to show them off
